

The Himalayas are the home of snow filled mountain ranges and gods. These rooftops of the world have a history of more than 70 million years. The peaks have had a lasting effect on the lives of anyone who has challenged their heights. No adventure in the world can beat the exhilaration achieved through climbing the Himalayas. They can test your nerves mercilessly and sometimes may even overcome you. But if you conquer these peaks, you will receive a lifetime spell of humbleness and joy.

8 Out of the {tooltip} **14 highest peaks** {end-texte} 14 highest peak orderly:

Mount Everest, K2, Kangchenjunga, Lhotse, Makalu, Cho Oyu, Dhaulagiri I, Manaslu, Nanga Parbat, Annapurna I, Gasherbrum I, Broad Peak, Gasherbrum II, Shishapangma.

Source: wikipedia{end-tooltip} in the world are part of the Himalayas and are a center of inspiration and fascination for all. Since Nepal opened the Himalayas to the world for climbing from 1949 AD only, it still remains mysterious as only a small portion of it has been explored. The peaks that rise above 8,000 meters attract climbers the most. Climbers explore new routes and sometimes even without oxygen support. Thousands of climbers flock to Nepal only to climb these mountains and thus Himalayas are the joint for all

mountaineering activities for all climbers of the world. The Himalayas are unique to other peaks of the world not just because of its height but also due to the valleys situated between these peaks. You can find swift rivers with crystal clear waters flowing through the valleys. These rivers are older than the Himalayas and are the center of attraction for rafting.

The most popular out of these peaks is the highest of all, **Mount Everest**. Mount Everest is the world's highest mountain above sea level at 8,848 metres (29,029 ft). It is located in the Himalayas of Nepal (Sagarmatha Zone)-China (Tibet) border which crowns the country. Climbing Everest is the ultimate dream of every mountaineer. The main attraction of this peak besides mountaineering is the local ethnic

Sherpa

The Sherpa are an ethnic group from the most mountainous region of Nepal, high in the Himalayas community and their culture. Mount

Annapurna
